„Excerpts from the Collection of the School for Woodcarving and Carpentry Berchtesgaden“  
curated by Jonathan Rüde

We would like to express our thanks and gratitude to the „Berufsfachschule für Holzschnitzerei und Schreinerei Berchtesgaden“ and their students for their generous loan.

The collection consists of sculptures produced by students during their apprenticeship. Over the last 50 years the school administration chose extraordinary well made objects. This exhibition shows works of Julia Arendt, Gerhard Kai, Gregor Pasens, Birgitt Wimmer, Susanne Beurer and others.
